Data Privacy and Security Compliance: Is Your Company at Risk?

Panel Discussion & Seminar

Join our diverse panel of experts for an overview on Payment Card Industry and Privacy compliance for an informative discussion to ensure you have no pitfalls putting your company at risk.

Today most companies accept credit cards for payment whether selling to companies or consumers, putting them at risk of compliance in the heavily regulated Payment Card Industry and Privacy Laws. While most companies aim to comply with the Privacy Act and PCI compliance, we have noted many companies both public and private heavily fined in recent years as a result of lacking security allowing for a breach and misappropriate usage of information.
