Joseph N. Campolo Appointed to Task Force of Stony Brook Children's Hospital

Unique facility will provide research and advanced patient care for children

Bohemia, NY – Campolo, Middleton & McCormick, LLP, a leading full-service Long Island law firm, has announced that Managing Partner Joseph N. Campolo, Esq. has been appointed to the Task Force of the Stony Brook Children's Hospital. Campolo, a resident of Stony Brook, will participate in task force activities such as fundraising and events. Stony Brook Children's Hospital is the only dedicated children's hospital east of the Nassau-Queens border. It will provide patients with state-of-the-art technology and world-class specialty physicians, nurses and researchers.

Stony Brook Children's Hospital represents a forceful response to the increasing severity of childhood illnesses and the prevalence of chronic conditions. It will be able to serve the needs of the children of Suffolk County as a community hospital for local residents, a tertiary hospital for complex, chronic or congenital conditions and a safety net hospital for those who are underinsured or uninsured. When completed, there will be an investment of more than \$80 million in facilities, recruitment and programs.

"I am very pleased to join the exceptional group of volunteers at Stony Brook Children's Hospital Task Force," said Joe Campolo, Managing Partner at Campolo, Middleton & McCormick. "This is such an important cause for us to undertake. We will be protecting the health and safety of our children with a healthcare facility second-to-none in the region."

With more than 100 pediatric specialists available, Stony Brook Children's Hospital offers a full-range of medical services to support the physical, emotional, and mental development of infants, children, and teenagers. It also provides leading-edge care for just about every diagnosis - from a simple fracture to a kidney transplant. Additionally, as an academic medical center actively engaged in research, it offers families access to groundbreaking, and often lifesaving, clinical trials for their children.

About Campolo Middleton & McCormick, LLP

Located in the heart of Long Island, Campolo, Middleton & McCormick, LLP is a full-service law firm with the expertise and experience to represent clients in a wide variety of legal matters, including litigation and appeals, insurance defense, corporate and private equity, technology and intellectual property, government relations, and employment and real estate law.
